Re: Far West Water & Sewer, Inc.  
DOCKET NO. WS-03478A-12-0307

Sirs, I feel that the proposed rate increase for Far West Water & Sewer, Inc., that is before your board, is way out of line. A 188.05% increase is an insult to my intelligence. I don't doubt that their operation expenses have gone up, but I do doubt that they have gone up that high. I think that a increase in rates is warranted, but at a far lower rate.

If any private business were to raise the cost of their product by 188.05% no one would purchase their product, the customers would simply purchase a like product somewhere else. However, far West knows they have a monopoly on the sewer and water in the Yuma Foothills, and we as citizens have no other place to turn. I am strongly opposed to this outrageous rate increase.

Thank you for your time on this matter, and I hope you will make a wise and fair judgement.

Michael J. Brann
